

CLOWN RULES

Being a Clown is about having fun and entertaining the crowds, especially between floats.

Please follow these few rules so that we will all have a safe and fun day!

DO

- Have fun with the spectators – smile, wave, do a cartwheel if you can!
- Keep an eye on the floats and try to fill gaps if there is a hold-up in the parade
- Help to keep children behind the blue lines

DON'T

- Get into a group with your friends and ignore the spectators
- Jump onto a moving float
- Throw lollies into the crowd – hand them out instead
- Interfere with the marching bands – march in front or behind
- Lie down on the road – very dangerous!
